

Healthy Benefits Program

EXTRA DENTAL CLEANINGS FOR MEMBERS

Research shows links between periodontal disease and many major systemic conditions such as cardiovascular disease, diabetes and low-birth weight babies. The Healthy Benefits Program gives extra dental cleaning benefits (regular and periodontal cleanings) to at-risk populations.

HEALTHY BENEFITS PROGRAM DETAILS

Here are some important things to know:

What's covered? Members can self-report certain medical conditions to receive two extra cleanings.

Medical conditions that can be self-reported:

- Diagnosed periodontal (gum) disease
- Pregnancy
- Diabetes
- Kidney failure or undergoing dialysis
- Suppressed immune system (caused by radiation treatment, chemotherapy, HIV, stem cell or bone marrow transplant, or an organ transplant)

How does self-reporting work? Members can self-report their medical conditions through their online member account.

SPECIFIC DENTAL CODES THAT APPLY TO THE HEALTHY BENEFITS PROGRAM:

D1110	Service: Prophylaxis (teeth cleaning) for adults. Prophylaxis is a teeth cleaning performed on a healthy mouth, and is sometimes referred to as a "regular" or "routine" cleaning.
D1120	Service: Prophylaxis (teeth cleaning) for children. Prophylaxis is a teeth cleaning performed on a healthy mouth, and is sometimes referred to as a "regular" or "routine" cleaning.
D4910	Service: Periodontal maintenance (periodontal cleaning). Periodontal maintenance is a more extensive teeth cleaning performed when an individual has history of non-surgical or surgical periodontal treatment and involves cleaning below the gum line.
