

Supporting Working Parents with Easy Breast Milk Shipping

Maven Milk helps moms and new parents transition back to work and get breast milk home to baby—easily, reliably, and safely. Maven Milk offers simple breast milk shipping and convenient domestic and international travel kits for every type of travel.

Step 1

Activate your Maven membership, and select the track that best fits your journey. On your Maven homepage, click on Maven Milk. Explore our FAQs to get your questions answered ahead of time.

Step 2

When you have to travel for work, head to the Maven app and select the kit option that best matches the type of travel:

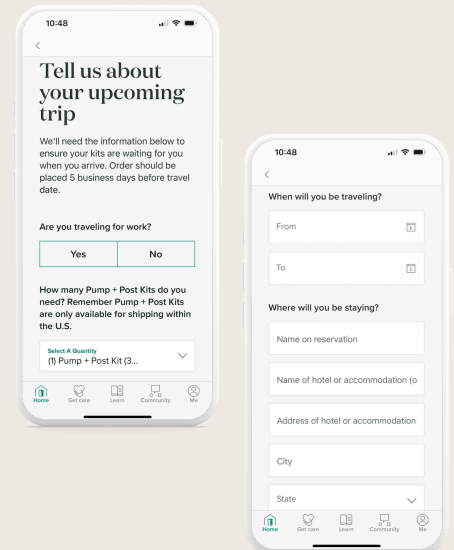

- Pump & post kit for US travel
- Pump & Carry kit for overnight travel / carrying on
- Pump & Check kit to tote and check milk while traveling

You can view details about what's included in the kit, the quantity of milk you can store, and how long the milk storage will last.

Need assistance? Your dedicated Maven Care Advocate can help you determine the number and type of kits needed based on the length of your trip.

Step 3

After selecting your kit, Maven will conveniently ship it to your home or your travel accommodations.

Activate your free Maven membership to get started today.

And remember, if you have any questions your dedicated Care Advocate is available to help you 24/7.
