About the 401(k) Plan

A 401(k) plan is a retirement savings plan designed to allow eligible employees to supplement any existing retirement and pension benefits by saving and investing through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Enrollment

Once you are eligible to participate in the Plan, you will be automatically enrolled at a:

- Before Tax rate of 6%

Unless you select a different deferral amount or choose to opt out of the Automatic Enrollment during the 30 day wait period prior to your participation date. If your Plan allows, you may change your deferral amount or opt out via the web or by calling the Voice Response System.

Contribution Limits

In 2026, the combined employee contribution amount is between 1% and 75% of your compensation or \$24,500.00, whichever is less. The Plan allows the following types of contributions:

- Before Tax

Participants turning age 50 or older in 2026, may contribute an additional \$8,000.00.

Participants who are age 60-63 during the calendar year in 2026, may contribute even higher at \$11,250.00.

• Roth

The Roth option will give you the flexibility to designate all or part of your 401(k) elective deferrals as Roth contributions.

Roth contributions are made with after-tax dollars, as opposed to the pre-tax dollars you contribute to a traditional 401(k). In other words, with the Roth option, you've already paid income taxes on money you contribute. With the traditional 401(k), your contribution is made on a pre-tax basis and you pay income taxes only when you take a distribution.

Employer Contributions

Discretionary Match

Your Plan may contribute a discretionary match. This contribution will only apply to a participant's deferrals that do not exceed a dollar amount or percentage of included compensation that is determined by the employer.

Safe Harbor Employer Matching Contribution

Your plan provides for a match of 100% of deferrals up to 3% of compensation and 50% of deferrals on the next 2% of compensation.

Profit Sharing

Your Plan may provide for a profit sharing contribution in an amount to be determined by your employer.

To be eligible for the profit sharing contribution into the Plan, employees must meet the following criteria:

- Employed on the last day of the Plan year and completed 1000 hour(s) or more

Vesting Schedule

Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of a distributable event. The value of your contributions to the Plan and any earnings they generate are always 100% vested (including rollovers from previous employers).

The employer safe harbor match contribution is immediately 100% vested.

The employer profit-sharing contribution is immediately 100% vested.
